
TABLE OF CONTENTS

Heritage and Culture

Inclusive Design for the Conservation of Built Heritage: Two Examples in Matera, Italy

Antonella Guida

Department of Architecture, Planning and Transport Infrastructures, Faculty of Engineering, University of Basilicata, Italy

Branka Dimitrijevic

The Centre for The Built Environment, Glasgow Caledonian University, UK

Antonello Pagliuca

Department of Architecture and Planning, Polytechnic of Bari, Italy Page 1

Facilities Management and Built Environment Conservation: Competences and Issues

Phil Banfill and Barry Bridgwood

School of The Built Environment, Heriot-Watt University, Edinburgh, UK ...

..... Page 9

Facilities Management in Heritage Buildings: Stakeholder Attitudes

Phil Banfill,

School of The Built Environment, Heriot-Watt University, Edinburgh, UK.

David Mclean,

Scottish Court Service, 23 Lauriston Street, Edinburgh, UK. Page 17

Interventions in Built Heritage: Managing Which Risks and for Whom

Ana Pereira Roders

Faculty of Architecture, Building and Planning, Eindhoven University of Technology, NL

James Douglas

School of The Built Environment, Heriot-Watt University, UK..... Page 25

Increasing Sustainability in Cultural Heritage: A Case Study of School Buildings

Maria Fianchini, Serena Ferazza, Elena Galimberti and Alessandra Tondini

Politechnic of Milan, Italy Page 33

Modernization of Concert Halls To Contemporary Requirements

Elzbieta Trocka-Leszczynska, Joanna Jablonska

Wroclaw Technical University, Faculty of Architecture, Poland..... Page 41

The Governance of Italian Cultural Heritage Properties: The Enhancement Process

Maria Rita Pinto

DICATA, Faculty of Architecture of Naples, University of Naples “Federico II”, Italy

Stefania De Medici

DARP, Faculty of Architecture of Syracuse, University of Catania, Italy Page 49

Alternative Uses for Redundant Churches

Max Ingar Mørk

The Norwegian Association of Church Employers (KA) and The Norwegian University of Science and Technology (NTNU)..... Page 57

Brazilian 16th Through the Beginning of 20th Centuries Buildings As Housing for the Twenty First Century

Jeanine Ribeiro Claper

University of Rio De Janeiro, Rio De Janeiro, Brazil

Mônica Santos Salgado

Federal University of Rio De Janeiro, Rio De Janeiro, Brazil Page 65

Maintenance On Measure for the Monumental Heritage

Serena Viola, Teresa Napolitano, Donatella Diano,

Università degli Studi di Napoli Federico II, Italy Page 73

Recovery of Built Heritage in Nineteenth Century Architecture. Fracapane Palace in Grammichele (CT)

Fernanda Cantone, Giovanna Cantone, Patrizia Carnazzo, Alessia Giuffrida

Department of “Analisi, Rappresentazione E Progetto Nelle Aree Del Mediterraneo” (ARP), Faculty of Architecture of Syracuse, University of Catania, Italy..... Page 79

Information Technology**Computer-Aided Facilities Management (CAFM) of Intelligent Buildings: Concepts and Opportunities**

Abbas Elmualim

School of Construction Management and Engineering, University of Reading, UK

Abayomi Pelumi-Johnson

Interserve FM, London, UK Page 87

Best Practice for a Successful CAFM Implementation: CAFM Experiences From Germany, Austria and Switzerland

Thomas Madritsch

University of Applied Sciences FH KufsteinTirol, Austria

Michael May

University of Applied Sciences FHTW Berlin, Germany..... Page 95

Decision Support By Computer Aided Facility Management

Thomas Madritsch,

University of Applied Sciences FH KufsteinTirol, Austria;

Michael May,

University of Applied Sciences FHTW Berlin, Germany..... Page 107

RFID Technology Changes FM Services Deliveries

Pentti Vähä, Tapio Matinmikko, Kauko Tulla, Anne Tolman and Veli Möttönen

VTT Technical Research Centre of Finland, Finland..... Page 119

The Benefits and Obstacles of Mobile Technology in FM Service Procurement

Anne Tolman, Tapio Matinmikko, Veli Möttönen, Kauko Tulla and Pentti Vähä

VTT Technical Research Centre of Finland, Finland..... Page 127

Inclusive and Accessible FM

Accessible Toilets in Shopping Centres

Patrik Skogster

School of Technology, Rovaniemi University of Applied Sciences, Finland...

..... Page 133

Tactile Paving Site Selection Criteria

Mohammad Faruk, Marcus Ormerod, Rita Newton and Hamish Maclennan.

Surface Inclusive Design Research Centre, The Research Institute for The Built and Human Environment, The University of Salford, UK..... Page 141

Will current Emergency Evacuation Systems be Accessible, Safe and Usable in 2030?

Hamish Maclennan, Mohammad Faruk, Marcus Ormerod and Rita Newton

Surface Inclusive Design Research Centre, The Research Institute for The Built and Human Environment, The University of Salford, The Crescent, Salford, UK..... Page149

Refurbishment and Projects

An Innovative System for Control in Building Sites

Mauro De Luca Picione

Department of Architecture D.A.P.I.T., University of Basilicata, Italy

Guido R. Dell'Osso

Department of Architecture D.A.U., Polytechnic of Bari, Italy..... Page 159

Facilities Management, Health and Safety (H&S), and the Impact of the Construction Regulations

J. Smallwood

Department of Construction Management, Nelson Mandela Metropolitan University, South Africa

T.C. Haupt

Southern African Built Environment Research Center, Cape Peninsula University of Technology, South Africa..... Page 167

The Problem of Flat Roofing System in Tropical Climate: Case Study – A Highrise Building in Kuala Lumpur, Malaysia.

Roslan Bin Talib

Architecture Department, Limkokwing University, Cyberjaya, Malaysia..... Page 177

Service Provision

Delivery of Continuous Improvement and Innovation: A Survey of Facilities Management Organisations

Shalu Madan and Sam Wamuziri

School of Engineering and the Built Environment, Napier University, Edinburgh, UK Page 185

Cleaning Management of Owner-Operated Real Estate

Christian Stoy, Nannette Terashima and Christopher Hagmann

Institute for Construction Economics, University of Stuttgart, Germany..... Page 197

Using Repertory Grid Technique for the Appraisal of Library Servicescapes

Maimunah Sapri, Ammar Kaka and Edward Finch

School of The Built Environment, Heriot-Watt University, Edinburgh, UK ... Page 209

Indoor Air Quality

Feasibility Study On Benchmarking Indoor Air Quality (IAQ) of Air-Conditioned Offices in Hong Kong

K. W. Mui, L. T. Wong and P. S. Hui

Department of Building Services Engineering, The Hong Kong Polytechnic University, Hong Kong, China..... Page 217

Computational Analysis of Indoor Ventilation To Improve Sustainable Air Circulation in Built Environments – Use of Wind Capture

Patricia R C Drach and José Karam F.

National Laboratory for Scientific Computing, LNCC/MCT, Brazil..... Page 225

Management of Airborne Infection Isolation Rooms

Greg Powell and Francis W. H. Yik

BSE Department, Hong Kong Polytechnic University, Hong Kong S.A.R., China Page 233

Health Facilities

Infrastructure Costs in Hospitals: A Process Oriented Analysis of Facility Management Services As Basis for Strategic Planning

Karin Diez and Kunibert Lennerts

Institute for Technology and Management in Construction, Facility Management, Universität Karlsruhe (TH), Germany..... Page 241

Implications of the Architecture of Service Provision for Healthcare FM: The Case of Israel

Sarel Lavy

Department of Construction Science, Texas A&M University, TX, USA

Igal M. Shohet

*Department of Structural Engineering, Ben-Gurion University of The Negev, Israel
..... Page 251*

Clinic Facility Maintenance Using Life Cycle Costs Principles

Igal M. Shohet

Department of Structural Engineering, Ben-Gurion University of the Negev, Israel.

Nataly Kot

Construction & Maintenance Department, Technion – Israel Institute of Technology, Haifa, Israel

Itzhak Karako

Head, Department of Logistics and Maintenance, Maccabi Healthcare Services, Tel-Aviv, Israel..... Page 259

Efficient and Healthy Environments in Public Buildings: A Strategic Question in the FM Organization?

Anne Kathrine Larssen

Faculty of Engineering Science and Technology, Norwegian University of Science and Technology and Multiconsult AS, Norway

Marit Støre Valen

Faculty of Engineering Science and Technology, Norwegian University of Science and Technology, Norway..... Page 269

Healthcare in Housing – Space and Organisation

Inga Malmqvist

Department of Architecture, Chalmers University of Technology, Sweden ...

..... Page 277

Creativity and the Workplace

Real Estate Stereotypes and the Working Environment

Alenka Temeljotov Salaj, Andrej Baričič

GEA College, Slovenia

Silvija Kovič, Miha Praznik

Building and Civil Engineering Institute, Slovenia Page 285

FM Tools To Ensure Healthy Performance Based Buildings

Anne Tolman, Tommi Parkkila

VTT Technical Research Centre of Finland Page 295

Unlocking Creativity with the Physical Workplace

Yuri Martens

Center for People and Buildings, Delft University of Technology, The Netherlands

..... Page 303

Creativity Demands New Office Designs

Jesper Steen and Henrik Markhede

Spatial Analyses & Design, School of Architecture and Built Environment, KTH, Sweden

..... Page 313

The Impact of Workplace Redesign on Customer Perception

Anssi Balk, Nils Gersberg, Suvi Nenonen

CEM Facility Services Research Group, Department of Structural Engineering and Building

Technology, Helsinki University of Technology, Finland Page 321

Sustainable Housing

An Epistemic Analysis of Per Capita Water Consumption in Residential Buildings of Hong Kong

L. T. Wong, K. W. Mui, P. S. Hui

Department of Building Services Engineering, The Hong Kong Polytechnic University, Hong

Kong, China Page 329

Online Benchmarking of a Sustainable Initiative in Slovenia

Marjana Sijanec Zavrl, Marta Skubic, Andraz Rakuscek

Building and Civil Engineering Institute ZRMK, Slovenia

Branko Noc

JEKO-IN, Jesenice, Slovenia Page 335

Sustainable Housing – Part of a Healthy and Attractive Community

Vida Maliene

School of The Built Environment, Liverpool John Moores University, UK

Naglis Malys

MCISB, Faculty of Life Sciences, University of Manchester, UK Page 343

Affordable Dwelling Quality and Preferences for Urban Young and Poor

Benedict D. Ilozor

School of Engineering Technology, Eastern Michigan University, USA

Michael I. Okoroh

Faculty of Arts, Design and Technology, University of Derby, UK Page 351

Routine Maintenance and Sustainability of Existing Social Housing

Justine Cooper and Keith Jones

School of Architecture and Construction, University of Greenwich, UK.....

..... Page 361

Performance Measurement

Update on the Development of a Customer Performance Measurement System (CPMS) for Facilities Management: Enabling Generic Market Benchmarks

Matthew Tucker and Michael Pitt

School of Built Environment, Liverpool John Moores University, UK

..... Page 369

Benchmarking the Costs for Operating and Maintaining Engineering Facilities of Luxury Hotels in Hong Kong

Joseph H.K. Lai and Francis W.H. Yik

Department of Building Services Engineering, The Hong Kong Polytechnic University, Hong Kong..... Page 377

Locating Subjective Assessments in Local Government Corporate Real Estate and Facility Management

Christopher Heywood

University of Melbourne, Australia Page 385

Organisation of Facilities Management in Municipalities

Per Anker Jensen

Technical University of Denmark, Denmark

Poul Henrik Due

COWI A/S, Denmark..... Page 395

A Conceptual Framework for Measuring Facility Performance of a Co-Located Higher Education and Further Education Campus

Alaa Abdulrahman, Stephen Allen and Ammar Kaka,
School of Built Environment, Heriot-Watt University, UK **Page 403**

Sustainability

Trees - Training for Renovated Energy Efficient Social Housing

Nesje, Arne,
SINTEF Building and Infrastructure, Trondheim, Norway **Page 411**

Energy Management – a Question of Organisation

Jäschke, Stefan
ZHAW - Institut for Facility Management, Switzerland **Page 419**

Considering Alternative Energy Systems in the Facility Management Process

Marjana Sijanec Zavrl
Building and Civil Engineering Institute Zrmk, Slovenia
Suzanne Joosen
Ecofys, Netherlands
Åsa Wahlström
Sp Technical Research Institute of Sweden, Sweden **Page 427**

Extreme Weather Events and Business Continuity Planning

Keith Jones
School of Architecture and Construction, University of Greenwich, Uk
Bingunath Ingirige
School of The Built Environment, University of Salford, UK **Page 435**

Contaminated Land Legislation: European Anomalies As They Affect Facilities Management and Clean-Up

Gabriela M Medero and Edward Finch
School of The Built Environment, Heriot-Watt University, UK
Michael J. Vowinckel
Heiko Rehse
Bilfinger Berger Umweltsanierung GmbH, Germany **Page 443**

Environment-Behaviour and FM

The Role of the Behavioural Environment in Enhancing Office Productivity

Barry P Haynes
Built Environment Division, Sheffield Hallam University, UK **Page 451**

Affective Psychology in Australian Local Government Corporate Real Estate and Facility Management

Christopher Heywood

University of Melbourne, Australia **Page 463**

Individual and Situational Influences On Perceived Office Noise

Lukas Windlinger

Institute of Facility Management, Zurich University of Applied Sciences
..... **Page 471**

Knowledge Management in FM

Knowledge Creation in Entrepreneurial Firms: The Role of Real Estate Management Activities

Patrick S.W. Fong

Department of Building & Real Estate, The Hong Kong Polytechnic University, China

Paul Dettwiler

The Institute of Facility Management, Zurich University of Applied Sciences, Switzerland
..... **Page 477**

Modelling Knowledge Exchange Among End-Users Using Social Network Analysis

Zehra Waheed and Edward Finch

School of The Built Environment, Heriot-Watt University, UK..... **Page 485**

The Potential of Knowledge Management Processes for Facilitating PFI Projects

Muzani Mustapa and Patricia M. Carrillo

Department of Civil and Building Engineering, Loughborough University, UK

..... **Page 493**

Maintenance Management

Targeting Client Goals within a Performance Framework: Facility Maintenance KPIs as Facilitators of Strategic Organizational Objectives

Debajyoti Pati,

HKS Architects, Dallas, Tx, USA.

Cheol-Soo Park,

Dept. of Architectural Eng., Sungkyunkwan University, Suwon, 440-746, Korea

Godfried Augenbroe

College of Architecture, Georgia Institute of Technology, Atlanta, GA, USA

..... **Page 501**

COST SAVINGS FROM PERFORMANCE-BASED MAINTENANCE PARTNERING

Ad Straub

OTB Research Institute for Housing, Urban and Mobility Studies, Delft University of Technology, The Netherlands Page 509

Maintenance Budgeting Methods

Carolin Bahr and Kunibert Lennerts

Department for Facility Management, Universität Karlsruhe (TH), Germany

Uwe Pfründer

Engineering Consultant, ikl Ingenieurbüro Prof. Dr. Kunibert Lennerts, Germany Page 519

Real Estate Portfolio Management

The Management of Small Public Real Estate Properties: The Portfolio of the University of Catania

Stefania De Medici and Carla Senia

DARP, Faculty of Architecture of Syracuse, University of Catania, Italy Page 527

An Integrated System for Managing Complex Buildings: An Application for the Neurointensive Care Unit of the Hospital G. Rummo, Benevento

Erminia Attaianese, Gabriella Duca, Paola De Joanna

Dipartimento Di Configurazione E Attuazione Dell'architettura, Università Di Napoli Federico II, Italy Page 535

The Impact of City Improvement Districts on the Informal Trading Sector

Keith Cattell, Kathy Michell, Paul Bowen and Laila Paleker

Department of Construction Economics and Management, University of Cape Town, South Africa..... Page 543

A Systematic Framework for Corporate Relocation

Danny Shiem-Shin Then

Department of Building Services Engineering, The Hong Kong Polytechnic University, HK

Rose Yuen-Wah Poon

FRA Group, Hong Kong Page 551

A Systems View of Corporate Facilities

Moacyr Eduardo Alves Da Graça and Rogerio Fonseca Santovito

Polytechnic School at São Paulo University Page 561

Hierarchical Approach to Managing Risks of Large-Scale Construction Projects

Dey, Prasanta Kumar

Aston University, United Kingdom Page 571

Workplace Management

Post-Occupancy Evaluation of a New Office Concept in An Educational Setting

Theo Jm Van Der Voordt

Department of Real Estate and Housing, Faculty of Architecture, Delft University of Technology, The Netherlands.

Wendy Van Der Klooster

Center for People and Buildings, Delft, The Netherlands. Page 579

Future Workplace: Raising Awareness of the Potentials and the Needs of An Ageing Labor Force.

Giovanni Binda

Zurich University of Applied Sciences, Institute of Facility Management, CH
